

Banstead Infant School Community Newsletter

December 2018

Remembrance

To support our community in honouring the 100th year since the end of World War I, some of the year 2 children worked with Mrs Malone and local schools to create poppies from recycled containers, which they attached to a giant wreath and a bicycle. These were then placed by the War Memorial and on the roundabout as a sign of respect and remembrance. A huge thank you to Mrs Malone for organising this fantastic opportunity to support our community.

Harvest

As part of our harvest celebration we donated food to Ridgemount Residential Care Home. Some of the Year 2 children delivered the gifts to each of the wards. To show their appreciation the residents made the school a thank you book with photos from the visit. We also gave food to Banstead Day Centre and The Homeless Prevention Service.

Banstead In Bloom

Towards the end of the summer the local schools took part in planting seasonal flowers in the giant wheelbarrows you can see outside the library for

Banstead in Bloom. Mrs Malone and the some of the children have recently re-planted our wheelbarrow with some new winter flowering plants.

Carol Singing

This week some of the Year 2 choir and concert performers went to Greenacres and Ridgemount care homes to spread some festive cheer with their fantastic singing of carols and songs from this year's show.

The residents said "It was a delight to watch them and their singing was exceptional."

Christmas Charity

Our Christmas charity this year was 'Stripey Stork' in Redhill, who support children and parents experience hardship. Thank you for all your generous donations.

I wish you all a wonderful Christmas and a Happy New Year.
