# How to Find Gold

VIVIANE SCHWARZ

"Gold is always hidden. We need a map with a cross where the gold is," said Crocodile.

"That's easy," said Anna. "Draw a map of the whole world, to be sure."

"It doesn't have a cross," said Crocodile when the map was finished.

Anna drew one on.

"The gold is in France!" said Anna. "How do we get to France?"

"Hm," said Crocodile. "I don't know that bit."
