

Superhero powers

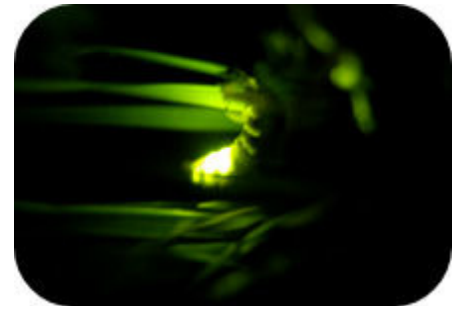

Spider

Spiders produce super strong, flexible silk to spin webs and catch prey

Earthworm

Earthworms can regenerate – if they lose part of their body it usually grows back

Glow worm

Females emit bright green light from their bottoms on warm summer evenings

Bat

Bats use echolocation to navigate in the dark and hunt down food

Grasshopper

Strong back legs help grasshoppers jump HUGE distances

Caterpillar

Caterpillars can transform themselves into beautiful butterflies

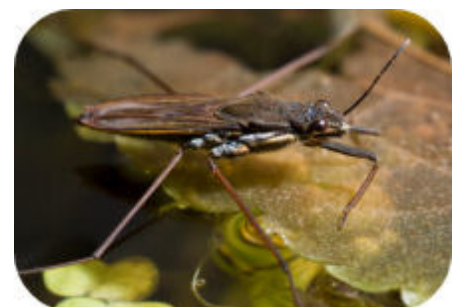

Green shield bug

Also known as Green Stink Bugs – they secrete a smelly liquid to repel enemies

Dragonfly

Dragonflies can fly super fast – up to 36 mph

Pond skater

Pond skaters can walk on water. They also use vibrations and water ripples to detect prey
